Industrial States Pay Two thirds of Federal Costs

NEW YORK, Jan. 19 .- Althoug New York State pays the highes more than double the average by far the largest amount annually to the upkeep of the Federal gov-ernment, the people of Florida. Michigan, Delaware, North and South Dakota and Utah bear a heavier total tax burden in proing to a study of comparative tax-

Out of the \$3,299,235,000 Federal taxes raised in 1974, New Tork State paid \$681,406,000, or \$62.46 per capita representing 7.13 per cent of the total income of its citizens. For the upkeep of State and local administration, the people of New York spent a similar total amount, \$138,190,000 and \$520,874,000 respectively, or 7.01 per cent of their total income. The people of North Dakota, on the other hand, contributed \$3,194,000, representing \$12.13 per capita, or only \$3.04 per cent of their total income. The people of North Dakota and they spent \$30,091,000, representing \$12.13 per capita, or only \$3.0,091,000, representing 11.15 per cent of their total income for flee total income for the upkeep of the Federal government; but they spent \$30,091,000, representing 11.15 per cent of their total income expenditures. Total tax contributions for Federal, State and local government administration paid by the people of New York represented 14.14 per cent of income. While the total tax burden of the people of North Dakota amounted to 14.15 per cent of income. The people of Wyoming enjoy the lightest tax burden in the country, their total tax burden of the people of Wyoming enjoy the lightest tax burden in the country, their total tax bill for all governmental expenditures amounting to only \$15,094,000, representing \$1.59 per cent of the total income.

Rhode Island, Delaware and Massachusetts follow New York as the former two are concerned, largely to the heavy payments of corporation income taxes emanating from companies whose main offices are located in these States. The lowest Federal per capita taxes examinating from companies whose main offices are located in the serming the own of personal exemptions.

The average amount of per capita Federal taxes paid by New York for the years in the lowest Federal taxes paid by New York for the years 1918, 1923 and 1924 was \$86.48 annually, North Dakota, which pays the lowest Federal per capita tax, paid an average of \$13.29 for the years indicated. Massachusetts's average was

Federal per capita tax, paid an average of \$13.25 for the years indicated. Massachusetts's average was \$56.84. Pennsylvania's \$42.81. Illinois paid \$46.94 and Michigan \$52.68 average per annum in 1919. 1922 and 1924.

Five leading industrial States. New York, Pennsylvania. Illinois, Massachusetts and Obio, paid \$1.8 per cent or more than half of all Federal taxes in 1919, and 49 per cent, or a little less than half, in 1924. Including five additional industrial States, Michigan, California, New Jersey, Missouri and Wisconsin, the ten leading manufacturing commonwealths have paid two-thirds of the total Federal tax bill during the five-year period, 1919 to 1924.

But comparing taxes paid in 1924 with those of 1918, it is found that some of the industrial States, as New York, Delaware, Massachusetts, Rhode Island and others, which pay the highest Federal per capita tax and contribute most to the support of the Federal government, show a decline in their aggregate tax burden, while the total tax burden of the agricultural States remains high in proportion to income. This, the Conference Board points out, on one hand reflects the benefit derived by portion to income. This, the Conference Board points out, on one hand reflects the benefit derived by the industrial States from recent Federal tax reduction, as they pay the largest portion of the Federal tax bill; on the other hand it reflects the rising expenditures of State and local administrations, which form the larger portion of the total tax burden in agricultural communities. Agricultural depression, as in North and South Dakota and Minnesota, has further aggravated the burdensomeness of taxation in these States because of reduced income.

APPRAISER APPOINTED FOR ESTATE OF KELS

[EXCLUSIVE DISPATCE] EXCLORIVE DISPARCE!

STOCKTON, Jan. 13.—W. W. Hubbard was appointed by Superior Judge C. W. Miller as appraiser in the estate of Alexander A. Kels to determine the amount of tax due the State on the transfer of several parcels of property to his wife, Annie T. Kels of Lodi. The property transfers were made on October 6, 1923, a few months before Kels was executed in San Quentin for the murder of Ed Meservoy, translent laborer, near Lodi.

public health and there is no reson why its sale should be pronibited under proper regulation,
Surgeots-General Cumming of the
Public Health Service, was informed today by a committee appointed to study the subject.

The investigation was ordered by
the surgeon-general last May as a
result of the death of five workers
at the Bayway (N. J.) plant of the
Standard Oil Company of New Jersey. east of El Tovar, has been receive from Washington. Access to the based upon a study of 252 individuals exposed in various degrees to the exhaust fumes of the gas and who had handled and distributed who had handled and distributed usis exposed in various degrees to the exhaust fumes of the gas and who had handled and distributed tetrasthyl lead gasoline.

No cases were discovered of lead poisoning, or other disease resulting from the use of ethyl gasoline, the report said.

The investigation gave special attention to automobile drivers who were exposed to exhaust gasses in a much higher degree than the average automobile owner. It was pointed out, however, that the health hazard in the manufacture and blending of tetrasthyl lead is serious and must be the subject of precise regulation and care. The committee asked that provision be RECOMMENDATIONS accounts.

Bright Angel trail and a part of the Fred Harvey Phantom ranch, a tourist resort.

Bright Angel trail and a part of the Fred Harvey Phantom ranch, a tourist resort.

COMPLAINANTS ABSENT

Though the claimants had been notified, they were not represented at examinations made by representatives of the government, in which the gravel of the river was panned and samples were taken from all the wall formations, the samples submitted to various assayers from all the wall formations, the samples submitted to various assayers for thorough tests to ascertain whether valuable minerals were present. The results were reported as nil by the assayers, so far as minerals were concerned."

This Land Office case is the third action that has been decided against the Cameron-Steteon interests within a few months, though court litigation and Land Office disputes have continued for about thirty years, mainly affecting possession of the Bright Angel Trail and of lands on the canyon rim whereon are situated the Santa Fe terminal and hotel structures. The matter was taken before the House of Representative Hayden of Arizona sought an amendment granting \$400,000 for a Grand Canyon Park highway. This was lost, after Mr. Cramton's statement of the manner in which the government had been defeated in its efforts to procure control of the Bright Angel Trail, this with reference to "three sets of mineral claims that menace the public enjoyment of the Grand Canyon Park."

ATTORNEY PRAISED Commendation was given by Rose Hatersby, who arrived in home of Mrs. George Smith, \$4 Parker street.

Miss Battersby, who arrived in Rose of the manner in which the government of the Grand Canyon park."

Pomona Quintet Meets Caltech, Occidental Hoopsters Get Final Shot at Brance

PICK SAGEHENS TO TAKE CLASH

Coach Heath Pleased With Squad's Showing

Tigers Perject Basket Work **During Practice**

Grizzlies Favored to Take Second Victory

POMONA COLLEGE, Jan. 19ring their 34 to 21 victory the Redlands University quintet here in the opening con-ference game of the season Sat-urday evening, the Pomona Sage-heng started preparations this week for the second game to be played at California Tech Satur-lay. The Blue and White tessers will enter the coming game favor-ties to win as the Engineers have yet to show anything sensational along the hoop line.

Coach "Beety" Heath was rather pleased with the work

might in the Olympic Audi-n when the casaba tossers the two institutions meet to a question which is of ma-

trade, has turned his attention to the court and has been holding down a forward job in good fashion. Goddet and Gregory are working well together at the guard positions and should be able to keep the Grizzly forwards covered in their next encounter.

TWO CAGE CLAS

Red Arrives in North for

SAN FRANCISCO, Jan. 19.-Harold Grange, who also travels under the trade-mark of "Red," under the trade-mark of "Red." and whose business is the traversing of football gridirons under heavy handicaps, arrived in San Francisco today, preliminary to presenting a correct Chicago interpretation of the professional pigsidin pastine here next Sunday, Grange came in at the head of his "army," known otherwise as the Chicago Bears, and was met at the depot by a brass band, a representative of the Mayor and a full turnout of Buck Balley's Tigers, as the San Francisco professional outsit is known.

GRANGE STRAIN TELLS ON "PUSS"

Promoting the Red Grange professional football game proved too much for P. H. "Puss" Halbriter, He was reported in bed yesterday by his brother, Fay, as a result of strain and worry over the context which drew 70,000 persons to the Coliseum last Saturday. Had the show flopped Halbriter, who had \$17,000 of his own money invested, would have been a heavy loser, but instead he made about \$10,000 for his end. Grange and the Bears walked off with \$50,000.

STANFORD UNIVERSITY, Jan. dency to hit the basket regularly, but they do not seem to work together on the defense. McCandless, the lanky center that starred for Inglewood last year, has been high-point man in callifornia babes, scheduled for the 25th inst. at the Berkeley pavilloo.

Coach "Husky" Hunt's first-year men have decisively defeated teams from Palo Alto, Berkeley and Richmond high schools during the past two weeks. The 1921 dive form a fast combination and the same regularly. day by his brother, Fay, as

Mercury Eleven Defends Slight Margin Against Hollywood Team in Second Tilt Sunday

Two seccer games, each a major attraction, are billed for Loyela Pield Sunday afternoon. In the first, the Sons of St. George eleven clashes with the Soots equad, and in the twilight encounter the Mer-

cide a question which is of ma-importance to a large group the Southland's cellege goers.

TWO CAGE CLASHES

In two tilts played in the Los

Angeles Athletic Club fym last night, the club basketball teams North for Selection of the Los Angeles Water and Power five by a \$7-to-16 score. Fred Olney, veteran center, was high-point man for the Blues with

20 points.
The club Mercuries defeated the Giendors Athletic Club cagers, 32 to 8, in the other clash. Again a center starred, Gigleon snagging the hoop for 14 points.

CARD STAR IS ILL

CARD STAR IS ILL

[BY A. P. NIGHT WIRE]

STANFORD UNIVERSITY (Cal.)

Jan. 19.—Nelson David, regular forward on the Stanford varsity basketball team, was taken to the hospital today ill with la grippe and it is possible that the star basket shooter may be out of the game against University of Southern California here Saturday night. Physicians said he would be unable to report for practice before the end of the week.

BEES BUY NORTHRUP COLUMBUS (O.) Jan 19.—Jake Northrup, veteran right-hand pitcher of the Columbus American Association club, foday was pur-chased by the Sait Lake City club of the Pacific Coast League.

RABBIT PUNCHES

Incidentally, Mr. Bingham says he has in his possession the two colors worn in the ring when John L. Sullivan ("the greatest Roman of them al") fought Charite Mitchell at Chantilly, France, to a draw. Bingham writes: "These were given me by Harry Phillips of Montreal, who took John L. Sullivan to England and backed him. I bope soon in the future to be able to band you these to be given to the winner of the championship heavyweight bout, which I bope will take place in California."

Tonight's fight at the Olympic will see La Barba, the champion, and Sencto climbing into the ring weighing within a few cunces of one another. The limit is set at 116 pounds, and both of the boys are at the point right now. Sencto has been built up by Whitey Elevart to scale 1165, and La Barba will hit just under 114. Bill Miller, who fathers the Frank Churchill stable while the latter is away, believes Sencio has a very good chance to win and at any rate is sure the Filipino will make La Barba very tired with punching.

OLYMPIC OPEN TO BASKETBALL

Use of Auditorium Will Make Sport Popular

Grizzlies All Able to Shoo Baskets Skillfully

L.A.A.C. Team Off to Good Start in A.A.U.

Throwing the Olympic Auditor-tum open for basketball games is likely to result in the sport becomarter of weak painty wish was irring the fans away—California nd Stanford playing to packed ouses on their appearances here. undreds were unable to get tick-s. Hûndreds of others who did to were forced to sit in somebody's

standing features of the Grissles are;

(1.) Lightning speed with which players change from offense to defense and vice versa.

(2.) Ability of every man to shoot baskets.

Give the Grissles the ball and they work it down the floor with amazing speed. Take it sway from them and the entire five men are back on the defense within a few seconds time. This factor prevents many a basket being scored against the mand also discourages the other team, which finds five men between it and the basket once it starts to work the ball down the court.

men between h am to the test to work the ball down the court.

With the exception of Horace Bresee all of the Grimly regulars are orking good shots and even the bulky captain can ring them in when he has to. He frequently makes 10 and 12 points a game, which is nothing to be sneesed at However, Bill Goerta, Jack Ketchum and Ed Prigge make up the main scoring combination, with Jimruy Armstrong a valuable asset at guard. Franklin Pierce, a capable all-around utility man, can shoot or play guard equally effectively. It is this basket-shooting ability on the part of all the Grizzile that wins 'em their ball games.

This fact was clearly demonstrated in the Grizzily-Oxy game. While all of the Branch athletes were slipping the bell through the hoop now and then, Solly Mishkin was the only Occidental player to locate the hasket with any de-

Tigers just socked the ball in the general direction of the backboard and then prayed that some mystic influence would guide the melon through the nes.

would guide the melon through the net.

Another thing came to our attention while watching the Grissly-Oxy game. Outside of Bresse and Armstrong, none of the Grisslies had played on the Branch football team. On the other hand. Mishkin, Godett, Gregory, Teachout and some of the other Oxy men were prominent as Tiger gridders. In other words, while the Grizsly casablets were drilling and practicing early in the season their Occidental rivals were busy with football. Whittier, which for the last cruple of years has turned out corking good basketball teams, is represented mainly by young men who do not play football, while Pomona and Radlands have to use many gridders on their cage teams and as a result have not been up in the running.

Fred Olney and his Los Angeles Athletic Club tossers are off to a good start in the local AAU, circuit. The Blues, as the club players are styled, gave Albambra a trimming after a great scrap last week. It took some protity hand work to put the win over, Olney coming through with a couple of shots when they were needed most.

GREB EASY WINNER

GREB EASY WINNER OVER JOE LOHMAN

(ST A. P. SIGHT WIRE) OMAHA (Neb.) Jan. 19.—Harry Oreb, Pittsbürgh middleweight champion, easily won a referee's decision over Joe Lohman of Te-ledo, O., in a ten-round fight here tonight.

under A.A.U. furisdiction on Saturday afternoon. These trophies, representing a total value of more than \$1000, were placed on exhibition at B. H. Dyas's yesterday.

A.A.U. rules restrict the value of individual prizes to \$35, but Walter H. Liemert, the donor of the trophy for the first runner in the six-mile open event to the finish, has put up the first trophy he could buy for that money at wholesale rates. William May Garland has offered a beautiful \$100 trophy for the winning team. Others have offered a beautiful \$100 trophy for the winning earn. Others have offered a beautiful \$100 trophy for the winning more than a dozen set-ups furing the course of the afternoon.

OBSERVATIONS BY BILL HENRY

ent professional toothall will not have the amount of snap and dash that it should have, although it is not likely to be as bad as it seems to have been at San Diego. Two games in two days is entirely too nuch for any team.

If they want to have good professional football here in the future it will be necessary to stir up some rivalry of some kind or other. They ought to have a professional league with a couple of trams from San Francisco and a couple from Los Angeles. One of the northern teams should be largely California men and the other largely of Stanford players. The local teams should be a U.S.C. team and one composed of players from the other colleges. Let a star like Nevers lead the Stanford crowd; Brick Muller, the Californians; Buflet Baker, the ex-Trojans, and some small-college here the other team, and rou have a real competitive spirit stirred up when the teams meet.

could start professional foot-ball off in style next fall and could play a season of a cou-ple of months and draw good crowds, but each team would have to be supplied with a genuine star as the leading light and also with a spirit which would be found when two teams, one composed of ex-Stanford men and one of ex-Californians, were to tan-que. We've a suspicion that the success of the Grange-Wilson fracas out here will stir somebody up to the for-mation of a league next fall and it will be interesting to see how they come out.

Meantime, have you seen the basketball garues at the Olympic Anditorium yet? Don't miss them. At last we have a place where several thousand persons can sit in comfort and we one of the fastest of all games played. The Grand-avenue institution has just started up and of course, has not as yet drawn any great crowds, but we wandered around the house last Saturday night, when the Grizzlies and the Tigers were mixing things, and it is remarkable what a fine view can be had of the play. When U.S.C. and C.C. at L.A. tangle with Stanford and California a few days hence there onght to be pretty nearly a capucity house at the big anditorium.

OREGON FIVE WINS

ROMANS NOSE OUT

With a good forward, having an eye for the basket, Jefferson's quinter might have given the Los Angeles cagers a good battle yesterday afternoon. As it was the Romans copped their third victory of the season 30 to 18. The Democrat five played its best game of the year, outfighting their heavier opponents at times only to have superior shoeting match the game away. Grosaman and Eaton, who tossed the ovai for the majority of the Democrats' points, hurled the ball from such a distance that the percentage was all against them.

PAULENER STARS Bud Breer, the Romans' ace, was kept well in the background yesterday. Coach Heamath, being moted for his smartness, evidently figured Breer would be watched, so be fed the ball to Joe Faulkner, who accounted for fourteen of his team's points. While the Jefferson team was bearing down on Bud, Faulkner got in some pretty shots.

HOLLYWOOD QUINTET BEATS FRANKLIN

Capt. Jim Mears led the Helly-wood High School basketball team to a one-sided victory yesterday afternoon, when the Foothiller swamped the pitifully weak Frank lin five, 40 to 5. Mears, the lone

lin five, 40 to 5. Mears, the lone veteran from last year's championship team, featured the fray with his all-around playing. Shy, diminutive Holiywood forward, was close on his heels, accounting for eleven markers, while Mears was hooping sixteen.

In the preliminary tilt, the Franklin lightweights rang up their first victory of the season against Holiywood. The final score was 12 to 10. Hollywood is siated for the bottom of the heap in the lightweight division. So far the team has not won a victory.

FORM PRO HOCKEY LEAGUE

BE HELD IN CHICAGO

BE HELD IN CHICAGO

BE HELD IN CHICAGO

Los Angeles is soon to have professional ice hockey which will compare in the excellence of players and game to the Coast League baseball, according to C. E. Hope hins, local hockey impresarie, who has anneanced the formation of the Pacific Coast Hockey Association.

The collect of the association, according to Mr. Hopkins, is to provide Los Angeles and the Coast with the "cleanest, fastest and best with the "cleanest, fastest and best hockey obtainable," and this will be accomplished through having parts of the Pacific Coas will be accomplished through having appreciation.

Mystery Team | LIONS TO Draws Hockey Fans to Tilt

Since Tom Casey's mystery ice hockey team representing the Palais de Glace turned out to be such a powerful squad and scored so decisive a victory in its first time oft, interest has risen by leaps and bounds in the team's second appearance Thursday night when it clashes with the speedy Richfield Oil Athletic Club outnt at the Palais de Glace.

The Casey team turned in the surprise of the season when it swamped the Culver club by a coach of Loyola of the surprise of the season when it swamped the Culver club by a coach of Loyola of the sawalting with interest what it will do against the Richfield team, which is substantially the same as the old Auto Club sextet, which won the championship of the old league.

Casey's team has one weak spot, roal, where Cantillion is not the prominent being the pr

RICKARD CROP FROST-BITTEN

Bud. Faulkner got in some pretty shots.

Capt. Grossman, Jefferson guard, was outstanding at his position. His work kept the Roman score from larger proportions. Eaton, a forward, also played a good game. One of his shots, which he tossed from near his own goal, is probably the longust successful shot seen in the league this season.

When tobaccos are good enough to speak for themselves —let them say it!

I am married it

THAT'S the one way to give men what they want in a cigarette natural tobacco taste. Each type of tobacco should contribute—one its spicy tang, one its rich aroma, one its mellow "body," one its mild sweetness; and if the quality is right and the blend is right, that's all there is to it.

Sounds easy!

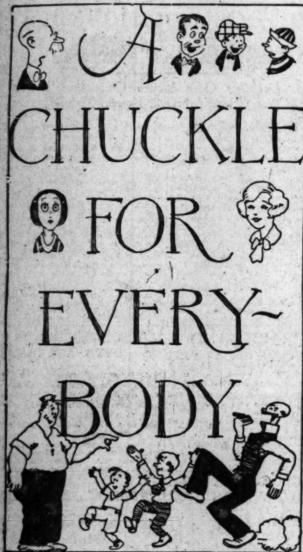

But to create a blend that combines fullness with mildness; that removes heaviness while retaining "character" that makes a cigarette that is smooth and mild yet "satisfying"-to do all this is not easy, far from it.

It is so difficult, in fact, that millions of smokers sincerely believe it has been achieved in only one blend in the world.

This blend—and they swear by it belongs to Chesterfield. It embodies the finest of Turkish and American tobaccos—and it can't be copied.

Ohio University Professor Disclaim Communism

Trustees Take Cognizance of Senator's Charges

Moral Tone of Students Declared High

COLUMBUS (O.) Jan. 19.—Four Ohio State University professors who have been accused of being Communists, today denied before the university trustee's investigating committee they ever have had any connections with Communism or the slightest leaning toward Socialism. Three of the four professors, it developed, served overseas with the American Expeditionary Forces and the other did various kinds of war service in various parts of the country.

The professors called were C. C. North, sociology department; H. R. Spencer and F. W. Coker, political science department, and George F. Arps, dean of the education college. Ohio State University professor

In its inquiry into alleged liquorlaw violations, the committee
learned from those appearing before it that it is "perfect nonsense" to say that there is no
drinking among students, but that
the student body at the university
has improved morally year by year
and is at present at its highest
point; that students' bodies are
"continually, progressively and
constructively at work" in dealing
with their own problems; that
drinking in the faculty is nil.
According to the testimony of
the four professors, their sole "seditious" act was to fill out questionnaires sent them through the
mail in 1920 asking if they would
be interested in literature pertaining to the formation of a third
political party. Prof. North said
that the literature came from the
Committee of Forty-eight. All of
the professors said that as soon
as the questionable nature of the SOME DRINKING

Get the Juice Grape Story of John Monnich!

He came to Sutter Basin from Canada in 1932.

He planted 40 acres in Alicante Grapes.

He built a home, started a fine garden and little orchard.

He produced in 1925 sixty tons of grapes and sold them at a high price.

The Sutter Basin Company operates a 45,000 acre farming and colonisation project. It is in the rich Sacramento Valley—22 miles north of Sacramento, the State Capital. It has a magnificent firrigation and Drainage system. Transportation by rail, river and highway to the Bay Cities markets.

The soil is a deep, rich silt—river bottom land, very easy to work. Big crops are raised. Deciduous fruit, peaches, pears, plums, etc., vines, asparagus, alfalfa, beans, peas, sugar beets and many other staple crops as well as poultry and dairying are profitable.

Trees and vines make a very rapid growth. Farmers are coming in from other parts of California and m other States. Prices are reasonable and terms easy.

HELD CERTAIN

Mayor Alone Votes Against Bond Issue Proposals

AIRPORT DEAL

Thirty-six Petitions Given in Favor of Purchase

chase of Clover Field for use as an airport and municipal golf course seemed certain here today when City Commissioners Helton

board committee and realty board committee appeared before the Council with the petitions. The former committee was made up of Frank E. Bundy chairman; S. L. Berkeley, T. A. Johnson, W. C. Bull and Robert P. Holliday. W. H. Fitchmiller headed the realty board's committee of T. A. Moody and Edward Stewart.

PLAN OUTLINED

PLAN OUTLINED
The plan now launched definiteby by the Council's action is for
purchase through a bond issue of
\$755,000. The Douglas Airplane
Manufacturing Company has
agreed to purchase seven acres
at 245,000, malting up the total of
\$800,000 asked by Stanton brothers for the 165 acres. At Mayor
Steele's motion, the City Attorney
was also instructed to look into
the status of all leases now in effect at Clover Field. Sponsors of
the purchase declare that this is
merely formality, and that nothing stands in the way of an immediate option and bond election.
Circulators of the petitions,
which carry an imposing list of
names, doclared today that there
never had been less opposition locally to a proposal to spend the
taxpayers' money. Mayor Steele
alone has expressed frank and outspoken objection to the price
seked for the field.

TRY MURDER CASE of the country of the corporation would have an initial capital of \$200,000,000. It would deal in surplus corn, wheat, otton, tobacco, hogs and beef cattie, and the purchases would be made through the usual commer cial channel.

ial channel.

"There is no paternalism, no ubsidy and no price-fixing inolved in the plan." Senator Robnson said. "The Federal government marely advances the export
nance corporation \$200,000,000 to
to e repaid in full within a decada."

Some 200 other farm relief bills
were been offered in the House and e been offered in the House and ate at this session.

OFFICERS ENMESHED IN BRIBERY SCANDAL

LAID BEFORE FEDERAL

CHICAGO, Jan. 19 .- Evidence involving a United States deputy marshall, a police detective and a ward politician in a "shakedown" scheme through which at least fifty persons have been swindled out of \$200.000 was laid before the Fed-

eral grand jury today.
Eight men in the "shakedown"
gang, posed as prohibition agents
and collected graft from bootlegand collected graft from bootleggers they arrested on counterfeit warrants. Ordinarily the victim would make terms before reaching prohibition headquarters. If he was obdurate, the bogus "director" would threaten to take him to the Federal Building and have him arraigned at once. This threat never failed and the bootlegger "came across." The minimum was \$400 and from this up to whatever the conspirators figured the victim could pay.

Seven men who had paid hush money testified today and many others are waiting to testify.

WOMAN CHAPLAIN AT CAMP OF VETERANS

[EXCLUSIVE DISPATCH] YUMA (Aris.) Jan. 19 .- In the installation of William E. Marvin Camp, United Spanish War Vet-Camp, United Spanish War Veterans, a novelty was the assumption of the post of Department Chaplain by Miss Rebekah Horne of Phoenix, Past President of the Women's Auxiliary and a military nurse during the war with Spain Installation was by William C. Hathaway of Douglas, Department Commander. W. A. Magoon is the first Camp Commander.

LAND TO BE ALLOTTED TO INDIANS

Chippewa Reservation of Minnesota at Last to be Divided and Sold

CASS LAKE (Minn.) Jan. 19ple. He is Mark L. Burns, new Red Lake Agency superintendent, a mixed blood of twenty years' service in the United States Indian

when City Commissioners Helton and Morton voted in favor of a bond election. Mayor Steele alone voted against the proposal, and the Council instructed City Attorney Coffin to draw up an option whereby Stanton Brothers, owners of the 165 acres comprising the field, will guarantee delivery of title subject to the bond election.

That this election will carry by one of the most overwhelming majorities ever voted in Santa Monica, seems certain after a canvass of the petitions submitted to Council today.

THIRTY-SIX PETITIONS
The 1300 signatures brought to the City Hall include the names of leading business and professional men from all parts of the city, and only a fraction of all the names on the thirty-six petitions were required to convince Commissioners Morton and Helton that community sentiment wants. Clover Field and a permanent Douglas Airport.

The Chamber of Commerce Clover Field committee was made up of Frank E. Bundy chairman; S. L. Berkeley, T. A. Johnson, W. C. Bull and Robert P. Helliday, W. H. Stickelly and the proposed in this solid selection. Help of the benefit of the cycles and the proposed in the solid many selection of all proposed to allot the rich timber lands according to the rule which has permitted virtually all American Indians to assume control of their own property.

In this case the 1700 Indians would be allotted 160 acres each made up of Frank E. Bundy chairman; S. L. Berkeley, T. A. Johnson, W. C. Bull and Robert P. Helliday, W. H. Stickelly R. A. Johnson, W. SEVENTH INFANTRY OBSERVES BIRTHDAY

PAMOUS REGIMENT FORM-ED 128 YEARS AGO HAS ENVIABLE RECORD

VANCOUVER (Wash.) Jan. 19. fantry, now stationed at Vancommanded by Cel. Frank S. Morrow, has just passed its 128th birthday. This famous old regiment was organized as a part of

merely formality, and that nothing stands in the way of an immediate option and bond election. Circulators of the petitions, which carry an imposing list of names, doclared today that there never had been less opposition locally to a proposal to spend the taxpayers' money. Mayor Steele alone has expressed frank and outspoken objection to the price asked for the field.

EXPORT BILL FOR FARMER INTRODUCED

The measure for the field.

EXPORT BILL FOR FARMER INTRODUCED

Idea of Vrooman Measure to Finance Foreign Buyer Revived in Senate

The measure is substantially the same ag the Vrooman bill, which was passed by both the Senate and House in 1921, only to die in conference. It would create a farmers' export finance corporation to extend credit on sound security to foreign purchasers of American farm products. The corporation would have an initial capital of \$200,000,000. It would deal in surplus corn, wheat, mould deal for Hearing in the carry in the same and initial capital of \$200,000,000. It would deal in surplus corn, wheat, mould deal for Hearing in the carry in the same and initial capital of \$200,000,000. It would deal in surplus corn, wheat, mould deal for surplus corn, wheat, mould deal for Hearing in the Creating in the carry in the same and initial capital of \$200,000,000. It would deal in surplus corn, wheat, mould deal in surplus corn, wheat, mould deal in surplus corn, wheat, mould deal for Hearing in the Creating in the Creating in the same and interest and thouse the composition to the price as a farmer's export finance corporation to extend credit on sound security to foreign purchasers of American farm products.

The corporation would have an initial capital of \$200,000,000. It would deal in surplus corn, wheat, more farmer in the corporation would have an initial capital of \$200,000,000. It would deal in surplus corn, wheat, more farmer in the surplus corn, wheat, more farmer in the corporation would have an initial capital of \$200,000,000. It would deal in surplus corn, wheat, more farmer in the

[EXCLUSIVE DISPATCH] OXNARD, Jan. 19.—A jury in the case of A. Cameron, charged with the murder of Tony Jones, was chosen in Superior Court at was chosen in Superior Court at Ventura late this afternoon and E. C. Arnold, local photographer, was one of the first witnesses placed on the stand.

Jones was killed during a fight over a woman, on Oxnard Boulevard here, on the night of November 28, last. Cameron asserts he shot in self-defense. He is represented by Attorney Chafles F. Blackstock of this city. Dist. Atty. Edward Henderson is representing the people. The case is expected to cause considerable interest throughout the county.

Father Michael Hennessy By a "Times" Staff Correspondent SANTA MONICA. Jan. 19.—Two

rial will be in Calvary Cemetery on Whittier Boulevard.

Tonisht at 8 o'clock the service of the Rossry was conducted at the Sharp & Nolan chapel in Ocean Park, after which the body was taken to St. Clement's Church to lie in state until the funeral. Members of the Knights of Columbus, in full uniform, will form a guard of honor there until the services. Father Hennessy died yesterday morning. He was 56 years of age. He is survived by two brothers, Robert and John Hennessy, of Arisona. and two sisters, Miss Mary Hennessy of Saria Monica, and Mrs. Margaret Garrett of Arisona. Both sisters stiended him in his last filness.

PSYCHOLOGICAL TEST

CALIFORNIA UNIVERSITY

BERKELEY, Jan. 19.—Eleven of fourteen students examined successfully passed the special psychological test given to men and women over twenty-one years who are applicants for admission to special status at the University of California, according to Frof. R. S. Minor. University examiner.

The three who failed were foreign students, and as the examination given was the Terman Group Test of Mental Ability. Prof. Minor says that the failures were more indicative of ignorance of the English language than of actual lack of ability.

There were eight men and six women who took the test, although forty-six applied for permission to take the examination. One purpose in giving the examination is to test the students' seriousness of purpose in applying for admission, according to the University Examiner.

The possible total score in the

cording to the University Examiner.

The possible total score in the examination is 220, although 110, or 50 per cent. is considered a passing mark. The highest score in this year's examination was 199, made by a man; and the lowest score of \$3 also was made by a man. The women, however, had a higher average score, than the men, their average being 155 per cent, as opposed to the men's average score of 153 per cent.

SHIPS CROWD TRAFFIC LANE

LIVERY BARN BURNS

FLAGSTAFF (Ariz.) Jan. 19.—
A midnight fire of serious menace, yet with relatively light damage, destroyed a large livery barn and stable buildings on East Aspen avenue. Lack of wind kept the flames from spreading beyond the protection afford by the fire department. The buildings, of dry, pitchy pine, covered a space of 200x150 feet. They were owned by the Babbitt Bros. Company and were to have been razed soon.

SHIPS CROWD TRAFFIC LANE (BY A. P. NIOHE WIRE)

NEW YORK, Jan. 19.—Twenty-six ships from foreign ports, including eight ocean liners which had been held up outside the harbor by fog, reached quarantine to day. Immigration, customs and Public Health officials had a busy day ahead of them hurryng the examination of passengers.

FILL CITY NEED

Great Structure Built fo Los Angeles Public

Malaikah Nobles Prove Loyalty to Cause

Coming Dedication Will Turn Dream Into Reality

BY LOUIS M. COLE e of Al Malaikah Temp Away back in 1906 Al Malaikah Temple erected the largest auditorium that was ever Southern California. In its day, this structure adequately served the purposes to which it was dedicated, not only affording a meet ing-place for Al Malaikah Temple Nobles of the Mystic Shrine, but ery large gathering. During the

Had the auditorium not been de stroyed by fire on January 13, 1930, it would have long since been inadequate for the needs of Los Angeles and Southern California, owing to the remarkably rapid growth
of this section. Inasmuch as the
Nobles of the Mystic Shrine constructed the only large auditorium
of those days, and which, when destroyed, left the community sorely in need of some accommodation of this character, what could
have been more logical than that
the people of Southern California
again look to Al Majaikah Templto provide a structure adequate
to the needs of this community
and one in keeping with the dignity, prominence and popularity
of this great fraternal organization?

START WITH NOTHING

START WITH NOTHING

Al Maialkah Temple Nobles of the Mystle Shrine courageously undertook the planning and erection of such a building with virtually no funds, owning, only, an unencumbered piece of ground. Financial plans were developed and through the loyalty and co-operation of more than 3000 members of the fraternity, the basic scheme was adopted for the raising of sufficient funds to successfully consummate this dream.

Everyone connected with this great enterprise, beginning with the memberahip of our fraternity and entinuing with the architects and with the many contractors, has widenced a devotion to the successful accomplishment of this project at every turn and, today, the culmination of almost six years of united effort brings us to the time when the dedication of these great buildings is a reality. These structures are not alone dedicated to the use of the Nobles of the Mystic Shrine, but are designed and built in such a manner as to fit every need of the people of Southern California for conventions, trade shows, grand opera lectures, concerts, athletic activities and many other events that the presence of these edifices will creare and accomplish.

RIVALS WILDEST DREAMS

RIVALS WILDEST DREAMS

RIVALS WILDEST DREAMS
On Saturday evening, next, when
these great structures will be dedicated publicly and for the benefit
of the public, there will be unfolded a scene the like of which
none of us in our wildest dreams
could ever have contemplated. The
decorations throughout the buildings are beautiful and must be seen
to be appreciated, while the furnishings and conveniences are unsurpassed in their magnificence.
All the work in connection with
these buildings has been handled
by local institutions and is indeed by local institutions and is indeed a credit to the ingenuity and handlwork of men who are our neighbors and who live in our com-

Altogether, Al Malaikah Temple Altogether. Al Malaikah Temple Nobles of the Mystic Shrine have made good their pledge that they would provide a suitable auditorium, adequate for the needs of Los Angeles and Southern California for many years to come These buildings are for your convenienca. for your enjoyment and for your comfort, and your support now of this great enterprise today an accomplished fact, will be the only evidence of gratitude that Al Malaikah Temple Nobles of the Mystic Shrine hope to receive at your hands.

POOTLIGHTS ARE LONGEST Extending for a width of 100 feet, the line of footlights or borderlights at the front of the stage in the Shrine Civic Auditorium is the longest in the world. According to stage experts, the size of the proscenium opening of the new Shrine stage rarks with the leading theaters of the world, while the footlights exceed those of any other showhouse.

WIRE USED

Electrical System Places in Shrine Building Group Greatest in World

One hundred miles of copper wire, or more than 500,000 feet, were used in the installation of the electrical system of the Shrine Civic Auditorium and bailroom, which has a capacity sufficient to care for the electrical lighting requirements of a city the size of Santa Monica.

The lighting system of the auditorium and stage is controlled through a presst remote-controlled switchboard, twenty-six feet in length, the largest manually operated stage switchboard in the world, according to George L. Patterson, who handled the contract for electric wiring.

There are 152 preset switches, the largest installation of its kind in California. These switches are used state that special lighting effects may be planned and set in advance of an act or scene, so that it is possible to produce a sequence of lighting effects at the proper

HELLMAN REPORTS

Moody's Weekly Review of Financial Conditions in its current issue says in part:

Indications continue pointing definitely to lower interest rates. The recent loan expansion is a purely temporary result of the January settlements and disbursements.

The advance of the New York rediscount rate to 4 per cent should not be regarded as a money-market forecast. Changes in rediscount rates are not meant to be forecasts, and not infrequently occur pretty close to the end of a swing of interest rates.

Economic indicia have turned conservative in the sense of warranting realizing sales of fluctuating stocks; but public sentiment appears still to be quite bullish. In the past it has susually required a break of about fifteen points in the general list to check overoptimism. Our leading industries in respect

break of about fifteen points in the general list to check overoptimism.

Our leading industries in respect to solvency were never in a stronger position. It is becoming almost impossible under our highly organized banking and financial systems for any great failure to occur at all.

Railroading should prove to be one of the most stable of our industries now. Whereas in past trade reactions traffic has often failen 10 or 15 per cent, it would be surprising this year if it should decline an average of per cent.

The Investment House Of Today

The investment house of today has greater functions in the community than the simple buying and selling of securities. It is the agency through which the accum-ulated capital of individuals and institutions is made available for the building of public works, the development of natural resources and the healthy expansion of business and industry.

This position brings with it broad duties and serious responsibilities. The successful investment house must have integrity. It must have thorough training and experienced judgment. It must have ample financial resources. Its facilities must be adapted to serving intelligently both the borrower of millions and the smallest individual investor.

BLYTH, WITTER & CO. br dering such a diversified ar to a world-wide clientela h ing the past month this Co has been associated as a pr in underwriting the bonds of City of Los Angeles, of a Middle Western utility co a South American state, Wa ington's largest office by and the Pacific Coast's bigget per manufacturer.

During this same period sands of large and small in throughout the United have been assisted person the selection of sound especially adapted to mean individual needs.

The broad facilities of this experienced organization are always at your disposal in helping you solve your investment problems.

DUE SERIALLY JANUARY 1, 1949-1965, Incl.

This district, organised in 1913, is located in San Diego County and adjoins the City of San Diego for 3 miles on the city's eastern boundary. Excellent transportation facilities are provided by paved highways and by the San Diego and Arizona Railroad.

Gross area, approximately 18,000 acres of which 13,500 are irrigable. District includes incorporated cities of La Mesa and El Cajon and unincorporated towns of Lemon Grove, Spring Valley, Grossmont and Maryland Heights. Total estimated population, 6,000.

These bonds are the direct obligation of the District, payable out of annual assessments levied and collected under the same authority as taxes; and are secured by a tax lien on all lands within the District, ranking ahead of all private liens and first mortgages. Lands appraised as having a fair valuation of approximately \$6,000,000, or 3 times the \$2,000,000 bonds outstanding.

PRESENT TRADE ON FIRM BASIS

NEW YORK, Jan. 19.—In one important particular, the present era of prosperity rests on a dif-ferent foundation from that underlying the good times of early 1920.

Six years ago at this time com

modity prices swiftly were rising until by Muy they reached a level never before attained in history. Just as that period of prosperity had been artificially stimulated through inflation, however, it suickly disappeared when commodity prices began to tumble. Remembering how suddenly our prosperity of 1820 turned but descent

DEAN WITTER & CO.

I. N. VAN NUYS BUILDING - LOS ANGELES TELEPHONE TRINITY 2991 PASADENA SAN FRANCISCO OAKLAND

THE INVESTOR New Chicago By-Product Cohe Company First and Refunding Bonds. Guaranteed by the People's Gas, Light and Cohe Company, Will Effect Reduction in Fixed Charges

ket for their production as the Chicago By-Products Coke Com-

pany, which recently created a new open-end mertgage to refund its outstanding bonded indebtedness. Operating an immense waier gas piant and a by-product coke piant, covering about 170 acres in Chicago, this company has leased its water gas piant to the People's Gas, Light and Coke Company under a long-term contract and has arranged for the purchase by the latter of all the gas and a large part of the coke products at its by-products coke plant.

That company is also the guarantor of principal and interest on the new bonds, and under an agreement will ultimately acquire all the physical assets of the cost or value of property purchase or otherwise, all the physical assets of the Chicago By-Products Coke Company.

It is further provided that, subject to the approval of the Illinois Commerce Commission, the new mortgage will be made a tien on all the properties then owned or thereafter acquired by the People's Gas, Light and Coke Company.

In the event that the guarantor company falls to carry out the acquisition as agreed upon, it is provided that the suling company, will call immediately for redemption all the bonds outstanding under the new first and refunding bonds of Series A will carry a 5 per cent coupon, and inasmuch as they are being sold to retire an issue of 7 per cent mortgage bonds, the operation will result in a contact and the contact and

NATIONAL THRIFT WEEK

JANUARY 17-23

MANY a brilliant intellect has made ashipwreck of life be-because of the lack of training in this most essential element in character—THRIFT—while many a man of mediocre ability has made himself rich and influential largely because of his tendency to conserve his earnings.

—[Frank C. Mortimer.

Investment Features of Street Improvement Bonds

- These bonds are an absolute lien on specific property ranking aboad of all mortgages, present or future.
- They are issued for the exact cost of improvements and represent but a small percentage of the value of the property, which in many cases is over 100 times the amount of the bonds.
- They are a thoroughly tested investment. Practically all Street Improvements in California for over thirty years have been financed by these securities.
- They are a simple, easily understood security, requiring no expert knowledge of realty values, title matters, etc.
- They are one of the simplest, easiest forms of investment to handle. Through QUIRK BROTHERS Service, any amount from \$25 up may be kept invested for an unlimited period, without bother or loss of

Prices to yield 6% to 7%

Exempt from all Federal Income Tax and California Personal Property Taxes.

CHICAGO STOCKS

New Issue

BUSINESS: Under the laws of California

the Corporation owns and controls the com-ponent parts of the Associated Transit Sys-tem in the form of subsidiary companies oper-

ating a motor truck freight transportation service over Southern California highways.

The main unit in the present system is the Associated Transit Company, Inc. (1922,) which operates under the jurisdiction of the

California State Railroad Commission by virtue of franchises in the form of certificates of Public Convenience and Necessity granted by the Commission. The company owns a

large fleet of trucks and trailers and main-tains administrative offices, garage and repair shop in Los Angeles and a warehouse at the

Harbor. The company operates the only exclusive meat packing house delivery service in Southern California and is also the largest distributor of daily newspapers on the Pacific

Coast. In combination with other companies

to be acquired and affiliated the Corporation will control a complete motor truck freight transportation and terminal system serving

all important cities and towns in Southern

GROWTH: Starting three years ago with an initial capital of \$6000, the Company today

shows Total Assets of \$174,281.18 and has a surplus of over \$90,000.

EARNINGS: Consist of income derived from

stock ownership and control of subsidiary companies. The subsidiaries as Public Serv-ice Corporations are protected by franchises

which assure consistent earnings to the Com-

which assure consistent earnings to the Com-pany and so give to the investor fair assur-ance of regular dividends. The 1925 net in-come of one single subsidiary (The Associ-ated Transit Company, Inc.,) was over \$34,-000, which is more than four times the an-nual dividend requirements on the entire pre-

PRICES TUMBLE ON STOCK MART

Sharp Break Follows Early Irregular Rise

Move of Reserve Bank Board Starts Collapse

Wide List of Securities Hit in Bear Attack

NEW YORK, Jan. 19.—Bear traders kicked the props from un-der today's stock market and prices collapsed 1 to 5 points throughout the list. The reaction, which came with startling sudden-ness in the early afternoon, followed a period of irregularly high-er prices, which was featured by er prices, which was featured by
the strength of the public utilities
and a few industrial specialties.
The volume of trading was on an
increased scale, the day's sales aggregating 1,736,200 shares.
There was a tendency to attribute the selling movement to the
action of the Federal Reserve
Board in asking New York banks
for more detailed information on
brokers' loans, which was interpreted as another warning gesture
against over-speculation. Other
contributing causes were the apparent inability of operators of
the long side to attract a public
following, the announcement that
the investigation of recent baking
mergers would begin here next
month and repetition of commission-house advices to take profits
on the rallies.

LEADERS FALL

LEADERS FALL

Despite persistent rumors that directors of the United States Steel Corporation would increase the amount of the extra dividend at the quarterly meeting next Tuesday, that stock declined to 132 3-8, closing just above that figure. American Can broke over 5 points to 276 and American Locomotive, American Smelting, American Agricultural Chemical, American Express. Associated Oll, Baldwin, Coca Cola, Dupont, Famous Players, General Asphalt, General Motors, Hudson, International Harvester, Montgomery Ward, National Lead, Pierce-Arrow common, Pullman, United States Castiron Pipe, United States Industrial Alcohol and Woolworth all closed 2 to 5 points lower. Sears Roebuck broke 9 points to 218.

Ward Baking B was one of the first to crack, dropping nearly 4 points to 76 1-4, when bear traders succeeded in touching off a number of stop-loss orders below 80. Total sales in that issue exceeded 125,000 shares. Cushman dropped nearly 5 points to 90 7-3, but National Biscuit showed independent strength by climbing nearly 3 points to 73 3-4, and closing within a point of the top.

UTILITIES GAIN

UTILITIES GAIN

Public Service of New Jersey was heavily bought on persistent rumors of a merger of that company, with the United Gas and Improvement and Philadelphia Electric Companies, crossing \$2\$ to the highest price ever recorded for the present no-par stock, and then failing back to \$90, up 1 point on the day. International Business Machines, in which another stock split-up is expected, closed 5 points higher at 145, after touching 147 1-2.

Call money renewed at 4 1-2 per cent and then dropped to 4, the first change in the official rate in a week, with funds available in the "outside market" as low as 3 1-2. Time money and commercial paper rates were unchanged.

The further advance in sterling exchange, cables selling at \$4.86 3-8, or 1-4 of a cent below parity, was the feature of the foreign exchanges market. French francs were slightly reactionary, ruling 2 1-2 points lower around 3.73 1-2 cents. Other European rates showed only nominal changes.

PRODUCE MARKET

Trading was moderate on the fruit and vagutable market this morning, with prices generally unchanged. Mexican proposes were slightly higher. Inchanged. Mexican proposes were slightly higher. Inchanged. Mexican proposes were slightly higher. Inchanged. Market and the second visit of the second visit vi pound.

DEFENDS OUR COURTS RESENTS ASPERSION MADE BY JUDICIARY

[EXCLUSIVE DISPATOR] VANCOUVER (B. C.) Jan. 19 .-Here's & tid-bit for Americans of used to hearing the judicial system of the United States adversely

Unversagt, financier and mine promoter of Seatle and New York. of justice in the United States preme Court paid a tribute to the judiciary of that country.

In the course of mining prop

In the course of mining preperty litigation Unversagt referred to proceedings, which have been pending against him for years in United States courts, on a charge of using the mails to defraud. He said that Chief Justice Tart had publicly declared that there was no justice in the United States Federal Courts unless the party had plenty of money.

Speaking as Justice of the Supreme Court of British Columbia. Justice Macdonald voiced his resentment at this aspersion. He objected to the statement and said he held the United States judiciary in high esteem. Unversagt attempted to palliate his remarks by anying that he did not mean that the American judges got the money, but was referring to under-

Courtesy-Hunting at Federal Building

BY THE POLITENESS REPORTER

It takes less than five minutes to file your intention to become a naturalised American, citizen. It takes less than three minutes to make a homestead entry on unco-cupied public lands. It takes less time than that to discover that a British citizen cannot import a carload of whishy for home consumption; that the average man cannot become a wholesale dealer in morphine, that pasports are hard to get and harder to keep, that 31 postage stamps are not sold in books of fifty, that you can get into almost any kind of an argument over income taxes, and that elevator operators in the Federal Building are the most independent persons on earth.

And if you don't believe ft. visit

THE WINNER

WHAT YEAR'D YUH COME.

tive, it is quite an achievement to remain of even temper.

It was Monday afternoon that the reporter invaded the habitat of our governmental employees. It was Monday evening when he leaft. And in that space of time he learned that the average attitude was not so much of incivility or impolitaness as one of a general disinclination to do any more than the day's work calls for.

This attitude may be due to the

doubted monotony of his carried at the Hall surp before 3 p.m.

A clerk in the naturalisation office on the fourth floor of the Federal Building was the first victim of the reporter. The conversation was short and sweet.

"Whaddya want?"

"Whad

LESTER T. CORDES

PROBLEMS OF INDUSTRY Nearly 2000 Delegates Attending; Standardized Accounting and

Equipment Before Group

With between 1500 and 2000 delegates in attendance the American Petroleum Institute's sixth annual convention formally opened yesterday at the Biltmore, the keynote being better equipment for the industry, better results from and for its efforts, better understanding between the industry and the public and a better deal all around.

> **EFFICIENCY** IN HANDLING

Company's President Institute Meeting

The board of councilors met-during the forences and nominated thirty-one new directors to serve during the forthcoming year. A during the forthcoming year. A part of the forencom was taken up with mestings of committees on standardisation of eli-industry equipment, a paramount problem before the convention. During the afternoon the first large assembly took place in the hotsh ballroom, an address of welcome being delivered by Thomas A. O'Donnell of this city, chairman of the board of directors of the California Petroleum Corporation, and five times president of the American Petroleum Institute.

COMPARES INDUSTRIES

glance.

"As a matter of fact, Hollywood which has received nation-wide publicity, is far different from the usual conception of it. The motion-picture business, like the petroleum industry, has been subjected to much adverse criticism in the course of which many things have been said about it, which are not true. As Jil men know, the same thing is true of the petroleum industry.

HELD BY JURY IN STAND COLLAPSE

tion-picture business. like the petroleum industry, has been subjected to much adverse criticism in the course of which many things have been said about it. WASTE DECRIED

The only conservation worth things have been said about it. Waste is that of sconomic efficiency whereby as far as possible unnecessary waste is avoided. Waste is the petroleum industry.

WRONG IDEAS

"Also there is much public missomerous properties are the idea that the average waste is avoided. Waste is conception of the compensation of oil company officials. Most people have the idea that the average waste is avoided. Waste is common to the perfect of the petroleum industry. It is common to the perfect of the petroleum industry believed to draw example and the perfect of the profits. Most people have the idea that the average waste is avoided. Waste is the petroleum industry is common to the perfect of the profits. Most people have the idea that the average waste is avoided. Waste is the common to the perfect of the profits. Most people have the idea that the average of the perfect of the remains with find the oil man of the part is a people was an enjoyable visit to the center of the richest oil producing area of the great oil-producing state of the United States.

Tale in Long Beach

Union Pacific Span at Flood Channel Patrolled

Engineer Declared to Have Been Intimidated

By a "Times" Staff Correspond LONG BEACH, Jan. 19. night of an armed guard on th

mystery involving the presence tonight of an armed guard on the
Union Pacific bridge over the flood
control channel and an unconfirmed tale of a stick of dynamite
flourished in the face of a Union
Pacific engineer with the threat
to destroy his engine, both are
without an explanation. The guard,
comprised of two city detectives
and several Union Pacific special
officers, have orders, they admitted, to stop anyone from committing any overt act against railroad
property, but they declined to say
who issued the orders.

Capt. Robertson, on duty at
the police station, denied all
knowledge of the matter and City
Manager Windham, credited by rumor with directing that the guard
be placed, was out of town and
chald not be reached. Two city
detectives were on duty all day at
the bridge. At 5 p. m. they were
relieved by railroad detectives, and
at 6 p. m. two more city detectives
joined the force of guards.

The bridge was built and track
laid for the purpose of permitting
trainloads of stone to be hauled for
the building of the east mole of the
herakwater inclosing Long Beach
and Loa Angeles harbors. Property
owners in the vicinity protested
and ine injunction suits agaist
the Union Pacific ad the city now
are pending in Superior Court before Judge McLucas. A decision on
them is expected early next menth.
S. L. Chernowsky of Los Angeles
was attorney for the property owneers in the actions: he and his
brothers own much Long Beach
property.

Accept full 10-day tube of this new way, widely urged by dental authorities. Note the great change in the color of your teeth

as dingy film clears off and note the in-

creasing gum firmness.

IT'S been learned that teeth are seldom naturally off color, clouded or dull, but simply coated with a dingy film your present cleaning method does not clear off successfully.

Modern dental science now has

discovered a way to remove that film. Results in restoring teeth to clearness quickly and in firming

tender gums are surprising. One's whole appearance is thus often changed.

Send coupon for full 10-day tube

to try. In a short time you can work a transformation on your teeth. Their natural lustre is probably just film-hidden.

What film is-Dulls teeth.

invites gum disorders

Dental science now traces scores of tooth and

gum troubles to a germ-laden film that forms on

teeth. Run your tongue across your teeth and you will feel it—a slippery, viscous coating.

That film absorbs discolorations from food,

emoking, etc. And that is why your teeth look "off color," dingy, and unattractive.

counting and taxation, headed by M. W. Mattison of Washington, which was prepared at a meeting of the committee Monday and will be submitted to the institute some time during its sessions in Los Angeles, probably will lead to the adoption by the organization of a uniform system of accounting in all branches of the oil industry throughout the country.

The principal feature of the committee's report was the explanation of a form of baiance sheet which is designed to meet the which is committee on accounting and taxation will be to work out in detail accounting systems that will fit various branches of the industry with her requirement of the proposed form of balance sheet.

"The advantages of a uniform system of accounting include, among other things, the stabilisation of credit of the concerns agaged in the oil industry and the system will facilitate greatly characteristics." Furthermore, it will be repaired to the concerns agaged in the oil industry and the provided to the concerns agaged in the oil industry and the provided to the concerns agaged in the oil industry and the provided to the concerns agaged in the oil industry and the provided to the concerns of keeping accounts," said Mr. Mattison. "Furthermore, it will be provided to attend the special season of the Cites will be accompanied by their chanters and or fact, and the concerns advantage is that such a system will facilitate greatly this computation of taxes, a subject that up to this time often has been in cause of much perplexity in the oil mustry.

Mc sul has been added by the League's award along with all the great expense and trouble which this entails. Now the over taxed public of Britain has reacted to the decision of the Baldwin Cabinet in accepting the terms of the award and extending the mandate as seen in the attitude of the London press, which for the most part dis-

"The weary Titan shoulders his burder bravely," says one cynical journal. "It smells like oil, but he calls it his duty." The London Daily Mail and the London Daily Express, both Conservative, head their editorials "Mosul Madness" and "A Great Deception." The Mail warns that Britain is courting war, which will by no means be trivial, while the Express bitterly assails Baldwin, whom it accuses of breaking his pledge to get out of Irak on the expiration of the present treaty, which expires in 1928.

Even that stanch supporter of the government, the London Times, could not conceal its distaste at the prospect of renew ing the Irak mandate and said that the most important feature of the League's decision was that it gave six months for the conclusion of a new treaty, the inference being that this treaty could shorten the term of British liability for Irak. Lukewarm approval of the British government's policy is given by some of the other London

PROHIBITION PROGRESS While prohibition in the cities does not seem to make much headway, in the rural seem to make much headway, in the rural districts and the smaller towns and cities the lines are tightening all the time and bootleggers are finding their business more and more hazardous. There was a time when it was almost impossible to secure a conviction before a jury, but that time is passed, and so strong is the sentiment in the smaller towns and cities against the bootlegger that he is finding his pathway full of thorns and thistles.—[Hartford City News.

instead of the \$100,000 that had been surmised. It is salutary to have the actual figures, however disheartening they may prove to 1,000,000 or more young poets who cherish the delusion that poets make big incomes. There are possibly a dozen men and women in the United States who make enough from poetry to pay their

It is unfortunate that a modern Keats would starve if he had to depend upon his verse. But it is just as well to face the facts. Young people who think that they are going to make huge sums out of rhymes should memorize the royalty figures on Nathalia Crane's book and reflect that this total was made possible by an enormous amount of free advertising because the girl was a child prodigy.—[Boston Post.

the girl was a child prodigy.—[Boston Post.]

The perennial shortage of food in Greece which has been aggravated by the refugee indux will be greative alleviated when an American company completes the \$27,000,000 drainage and irrigation project in the Saleniki Plain.

The Volstead Act, despite all the propaganda of the German brewers and French wine merchants. The women of this country believe "the only solution is to make enforcement a success, strengthen the law when needed and support officials who do their duty."

MARY BENNETT.

Tammany's Big "Wow" LOS ANGELES, Jan. 13.- (To the Editor of The Times:] Tammany Hall has obtained control of both State and city governments in New York. It illustrates in its history the success of the centrallsing principle, yet it was organised to fight for the exact opposite,

But the biggest "Wow" is imbed-

ded in its charter, where it declares, "The constitution of this
society shall consist of two parts—
the external, or public, and the internal, or private. The latter shall
be subordinate to the former."
Here its history illustrates the old
adage that "A lie well stuck to is
as good as the truth."

The Tammany chieftain claimed
as patron saint is not of New York
origin at all, he was a Delaware
Indian and belonged to a tribe at
such deadly enmity with the Manhattans that he would have lost his
scalp if he had dared to set foot
in little old New York. But the
"lie well stuck to" carries that
part too. HIGGINS V. SMITH.

Outstanding Pilots

Outstanding Pilots

NEW YORK, Jan. 12.—(To the Editor of The Times:) This letter is written because one believes that you have a desire for accuracy and a keen sense of what constitutes news—i.e., evidence.

The Los Angeles Times, November 19, 1925, page 2, carried the doings of "the first luncheon program of the Masonic Club of Los Angeles in the new Masonic Club building on Grand avenue between Sixth and Seventh streets."

At that luncheon Maj. C. C. Moseley was introduced by Capt. Alfred Grant (D.S.C.) of the Twenty-seventh Aero Equadron. A.E.F., and here are the—reported—opening words of Maj. Moseley's address to the luncheoneers:

did you happen to get drunk this time?" And the man answered, "I got drunk on the new beer." And the judge was so mad because the man got drunk on nonintoxicating beer that he find him \$25.

Why do the beer advocates always speak of 2.75 per cent beer by weight? 2.75 per cent beer hy weight is 3.4 by volume; 2.75 sounds less than 3.4 and they think they can thus easier fool the American people. But, strange as it may seem, men do not drink beer by weight, but by volume. No man in the old days put his foot up on the rail and his manly bosom against the bar and asked for a pound of beer,

but by volume. No man in the old days put his foot up on the rail and his manly bosom against the bar and asked for a pound of beer. but a pint of beer. And 3.4 per cent of what he got was alcohol.

POETS BORN, NOT PAID

There was a crash in the poetry market when it was revealed that Nathalia Crane, the famous young Brooklyn poetess, had received royalties of \$438.46 from her first book, instead of the \$100.000 that had

the United States who make snough from poetry to pay their lying expenses.

It is unfortunate that a modern leats would starve if he had to spend upon his verse. But it is list as well to face the facts. Joung people who think that they be going to make huge sums out.

Effusion Discounted

LOS ANGELES, Jan. 15.—[To the Editor of The Times:] Keep up the good work with more editorials like that of the 12th inst. headed "Keepers of Conscience," despite any effusions of Mr. B. W. Blanchard.

ing to show that members of the City Council had conspired to prevent the establishment of the Holy Innocents' Roman Catholic Church will not be admitted. This was indicated today by Superior Judge Guerin presiding here.

The legality of the soning ordinance will be the basis on which he will make a decision in the suit feled against the city by Rev. Prancis Ott, paster of the oburch. Motives of the members of the Council in fighting to prevent the establishment of the church at Twentieth street and Pasadena avenue will not be looked into at the hearing, but only the question of whether the present zoning ordinance, barring the church, is a good or a bad ordinance, Judge Guerin said. The ruling was made when he heard the argument of City Attorney Mason to have stricken from the complaint charges filed to the effect that the City Council had conspired because of religious intolerance to bar the erecting of the church. Harry L. Cohn, attorney for the church interests, strove to have injected into the case testimony to show that Council members had conspired in order that five members of the Council might be examined at the hearing to be held tomorrow, in the writ of mandate sought by the church.

10 Diet and Health By Lulu Hunt Peters M.D. are Det and Booth and Diet for Children

sugarsi compared to other toust they are high in calories and just by have the reputation of being highly fattening foods. However, if on a diet of this kind, you did not have enough of the foods during the day for your energy and

not have enough of the foods during the day for your energy and heat needs you would reduce on it. But, of course, such a diet would be unwhelesome for both reducing and for general health because it is deficient in mineral elements, vitamins and protein.

Tou must know this: that all foods are fattening, if they happen to be more than the system needs. Some foods are much more fattening than others. Most certainly they are. The same weights of concentrated foods such as sugars and fatts are more fattening than the watery foods such as sugars and fatts are more fattening than the watery foods such as sugars and fatts are more fattening than the watery foods such as sugars and fatts are more fattening then every of the cost of a transmission line for electrical energy from the projected Boulder canyon dam to Loe Angeles, was adopted by the Council yesterday. Along with a report from the Water (approximately one-half ounce, or a level tablespoonful.) The reason we have a standard unit such as a calorie, for measuring the energy values of foods, is that we cannot measure that value by bulk or weight.

You will probably loss weight

rations of recording that walue by bulk or weight.

You will probably lose weight without paying any attention to calcries, if you cut down marked liv on your favorite articles of food, but do not think that you can cut these down markedly and consume enormous amounts of less fattening foods—because, let me repeat, there is no food that is not fattening if it is more than the system needs.

Most of us who are consweight have some particular dietetic sin. Excessive bread and butter, candy, rich desserts and gravies, are the most common of the sins. This is commonly known, and the questionnairs I sent confirmed this. Eating between needs and tasting while cooking, make the calcries mount up. What is your dietetic sin Track it down.

Speaking of sins, I had better include something of alcoholic drinks.

They do have every or calcries

PRISONER HELD HERE AS DETROIT FUGITIVE

Said to be wanted in Detreit on a murder charge. Eugens Mentgenery. 25 years of age, was arcested yesterday and held in the
City Jail to await word from
Wayns county (Michigan) authorities. Montgomery was first arrested on the 14th inst., at 1944 East
Fortieth street by Officer Randolph of the vice squad on gambling charges and was released after paying a fine. Officers checking the man's fingerprints the following day discovered they tailled
with those of a man said to have
ascaped from the Wayns county
penitentiary on May 35, 1930.
Montgomery's rearrest followed.

KHJ GIVES FRUIT **SHOW PROGRAM**

Artists Celebrate Opening of Alhambra Event

Carlin and Roberts **Band** Featured

First Conversational French Lesson Broadcast

BY PAUL SHEEDY

growth was again told to the grea mass of radio enthusiasts last nigh when the tower studio broadcast . ecial program from 8 until 1 clock to mark the opening tor ion, which will be held at A. month, exhibiting all the lusciou

month, exhibiting all the luselou products of the State.

Featured oi this presentatio program were Harold Roberts an his Golden State Band, widel known musical organization the won the first prise at the competition event of all bands, held is year in the Coliseum. Sara Carlin accomplished soprano, frequent heard over the air from KHJ, aga was present at the studio as the svening's soloist. Both Miss Ca sin and the band will personally appear a' the exposition, as will Jac Cronshaw's orchestra, long favorithroadcast entertainers over The Times station from Leighton's Arcade Cafeteria.

An elaborate program of classical and march numbers was played by the Golden State Band, with special arrangements made with the studio microphones to get their music out into the air in trustones. Miss Carlin created another success with her group of solos, with Winifred Clauss, talented planist, serving as her accompanist. Another delightful feature of the evening was the presence of the Alhambra Troubadors, giving a group of selected numbers.

bers.
The children's hour program of the evening was opened by the regular appearance of Prof. Walter Sylvester ferizog, radio historian, followed by little Charles Lealle Hill, well known over the air as "Honey Boy." with several of his readings, and then the weekly visit of Queen Titania and her Sandman from the land of the Radio Fairles.

PAIRYLAND TRIP

man from the land of the Radio
FAIRYLAND TRIP
Following the sound of the Sandman's whistle, Queen Titania, Uncle
John and the Sandman embarked
on the Wishing Ship and sailed
across Stimber Sea to the Isles of
Enchantment. Landing here, they
found a great tail pinnacle, inside
of which was an elevator which
quickly carried them to a wide
platform at the top, Beside this
platform was waiting what looked
like an airplane, but which proved
to be an enormous sea guil.

After the three friends had seated themselves on the broad back of
the guil, it spread its wings and
carried them into Cloudiand where
many strange and beautiful castles
and palaces were seen. After repeated questions on Uncle John's
part, Queen Titania explained that
these were the Dream Castles built
by mortal thought and she told
Uncle John that he, too, might
build one here.

Closing his eyes, the better to
visualize his dream castle. Uncle
John felt himself being set down
gently on his feet and when he
opened his eyes, tound, that they
were standing in a beautiful room
which the Fairy Queen said was
a part of his castle. Then the vision began to fade and soon he asw
that they were in the studio of
KHJ, and Queen Titania told Uncle John that, after all, the studio
was his castle and it was within
his power to make it as beautiful
as the one he had dreamed of
when in Cloudland.

GRIFFITH DIVERGES THAT ROYLE GIRL"

JAZZES JAZZIEST

Having succeeded in partially alming my shattered nerves su-erinduced by seeing the lovely. perinduced by seeing the lovely fragile Carol Dempster chased by six strong men and a healthy cyclone. I sit down to my type-writer to try to tell you something about "That Royle Girl." D. W. Griffith's latest picture, which opehed yesterday at the Rialto, Every time I leave a Griffith picture, I think, "He is still the master." I'm more sure of it than ever after seeing "That Royle Girl." Sometimes you think, "Oh, yes, Griffith can give you suspense and thrilis. He can give you comedy. He can show you the innocent little girl beset by the ruffian. But there are certain things he had better not try, because he can't do them." Then the next thing you know, he does them. And does them just a little bit better than anybody else can do them, too.

Griffith usually keeps his heroes and heroines out in the country agile Carol Dempster chased by

MATINEES

beauty and

buried under the ruins—therewere so many of these villains they simply had to be disposed of in job lots—she is the beautiful, pure little child of nature. Even the jam hails cannot soil her.

The menace of the cyclone and the menace of the brace of villains are magnificently handled. They have a power and a sweeping force, which only Griffith can give. But it is a complex, compound menace. Here is not the sinister, mounting menace of the ce-fice peril in "Way Down East," nor the relentless, towering menace of the stepfather in "Broken Blosseoms."

of the stepfather in "Broken Blossoma."

One is just a bit bewildered by
the many menaces. One forgets
one of them while another is getting in its work. Nevertheless, you
are going to sit breathless and
nerve-wracked until the last bit
of storm tears its way through the
roadhouse where the heroine has
been listening to the confessions
of the king-pin bootleg villain.
Griffith ventures into a field a
bit new to him, too, in another
way. There is more than a touch
of the addistic in the villain's
heavy, playful, sensual whiring of
the whip around the heroine's
delicate, silk-clad legs; and a
deeper note along the same decadent lines in the horror of the
man who is called the gorilla.
James Kirkwood again plays the
incorruptible District Attorney;
W. C. Flelds gets all the comedy
out of his father role that could
possibly be extracted: Florence
Auer is splendid as the "single
gentleman's wife;" Harrison Ford
is nice as the wrongly accused

FOR 'LOVE CALL'

Lehar Operetta

Enthusiasm for Quality of Presentation

Principals, Ensemble Gain Fine Applause

BY EDWIN SCHALLERT uality and richness of its stage pictures, and with music that excharm and beauty, "The Love

charm and beauty. "The Love Call," adapted from the Viennese operetta by Franz Lehar, received its first presentation last night at the Playhouse.

The initial performance of this work, which was to have served Geraldine Farrar for her appearance in light opera in the East, was distinguishingly an event of the current theatrical season. Indeed, the premiere was in the brilliance of its attendance virtually unrivaled in this locality, which he aiready famous for scintillant and gala premieres. The production attracted practically every first-nighter, and the audience was one that viewed the new work with a discriminating appreciation for its values.

This appreciation was transmuted into an outburst of enthusiastic applainse when at the close of the second act the principals were called before the curtain to receive floral tokens that well-nigh filled the entire stage. Grace La Rue, Alice Cavanaugh, Roy Atwell and others shared in this warm and approving ovation, which no doubt also took into account the superior general ensemble of the presentation.

In this production, indeed, Louis A. Macloon and Lillian Albertson have again outdone anything that they have previously accomplished. "The Love Call" has been effered with a laviahness in effects that is characteristically worthy of the highest commendation. In every respect, it reflects both elegance and taste, that he indeed fitting to a work of the character which they have chosen, and one that presents manifest difficulties in its demands for the finest weenic investiture.

"The Love Call" is manifestiy a

manages to be clearly distinguishable whether he is singing near the footlights or back stage, a feat not invariably accomplished by his conferers. The audience very quickly gauged his worth and received him with enthusiasm.

Lucchese has a beautiful middle register and brightly clear upper toags. Her intonation is exquisited musicianship of a high order. She looked the part of the lovely Glida to perfection, which is no doubt to be expected from an American girl.

Miss Lucchese was born in Texas and received her training entirely in this country. It is safe to pre-

Under the arrangement of incorporation, the two play-houses will be merged, with Scheinberg to act as manager of both theaters. The capital stock-holders. Under the arrangement of incorporation, the two play-houses will be merged, with Scheinberg to act as manager of both theaters. In defining the new volicies to result from the merger. Scheinberg said that he believed that within the next two years Van Nuys will have the need of a Class A theaters the old form of government.

The implied significance of Councilman Tucker's comment upon introducing the resolution.

of a new city charter and the return to the old form of government.

The implied significance of Counciliman Tucker's comment upon introducing the resolution was that the strength and popularity of the present City Manager have been the mainstays of the existing form of government here. The Tucker motion was adopted in the spring of 1921 and went into effect in July of the lookout for a clever check of the City Manager, with Charles Hewes as City Manager, with Charles Hewes as City Manager, the was recalled in No-wember, 1922; and was succeeded by Charles H. Windham, whose resignation becomes effective April 1, next. Any change in the present form of government eannot become effective for a year, since rating company office at Santa Paula several days ago, which sees not meet until Janeary, 1927, is necessary.

REBUILD ARLINGTON

IN THE SKY

East Storm [EXCLUSIVE DISPATCH]

PIREWORKS

SAN DIEGO, Jan. 19. — San Diego was visited early San Diego was visited early this morning by a thunder and lightning storm which gave this part of the State a thrill in the form of a reg-ular "back East" storm. The sky pyrotechnics con-tinued for about thirty min-

in the construction of the head of the head of the electric riveter he was operating "ahrited."

According to fellow-workers a loose connection in the machine burned the man's hands and caused him to leap backward into a bare wire carrying 11.000 volts of electricity. His startled cry drew the attention of a score of workers, but they were unable to aid him.

He tottered on the narrow strip of iron on which he was working and then crashed over the edge of the building to the ground fifty feet below.

The injured man was rushed to the hospital, but the spark of lifehad expired before assistance could be given. His back had been burned severely and his head was crushed by the fall from the building.

The deceased had resided in Taft several months. He is a former resident of Pasadens, where he is believed to have a mmily.

towns will participate in the contests to be held by the Glendale
District Risteddfod the week beginning April 14, according to an
announcement by A. L. Baird,
district chairman, at a meeting
today of the executive committee.
Cities included are Glendale,
Burbank, Eagle Rock, Highland
Park, San Fernando, Chatsworth,
Lankershim, Owensmouth Van
Nuys, Montrose, La Crescenta,
Tujunga and Sunland. Committee
chairmen reported that the preliminary work is already well advanced and that assistants have
been selected in the various communities to secure the entries of
those persons and organizations to
compete in the Glendale district
Eisteddfod.
Final contests between winners

commission city Clerk R. B. Wallace submitted his report on the
petitions for annexation. It was
found that of the 3416 signatures
3215 were qualified voters, or about
700 more than the number required
by law to secure an election.

Upon motion of Commissioner
W. W. Nusum the board passed a
resolution instructing the City Attorney to prepare an ordinance
calling for the special election.
Frederick Brunner, leader of the
annexation forces, urged the City
Fathers to set the date for the
election at the earliest possible
moment.

AUTO DRIVER GIVEN JAIL AND PROBATION

BAKERSFIELD, Jan. 19 .- Pro-DE LOGANBERRIES
ON VAN NUYS VINES

(ILOCAL CORRESPONDENCE)

(ILOCAL COR bation and a jail sentence at the VAN NUTS. Jan. 18.—Again Van Nuys toddies to the front as a place for fruits and vegetables, whether the season be summer or winter. Last week persons exhibited apples still growing on trees here, and one man told of a back yard full of growing green corn. Today Miss Ella Kniseley of West Erwin street displayed loganberries just gather it from vines at her home place. The berries are in fine ripened condition and of best quality. In many Van Nuys yards tomatoes, carrots, beets and other vegetables are growing BOY SCOUTS HOLD DISTRICT MEET.

tempestuous political history last might when the City Council removed from office City Marshal L. J. Barry, who, for some months has been the storm conter.

The removal of Oscar Trewett by Marshal Rarry from the dance floor of the recent opening of a local pool hall and the subsequent champloning of Trewett by Mayor George H. Maxfield was the incident which climaxed the antagonism between the majority of the Council and Officer Barry.

The City Hall was crowded with townspecople who were strong in their various opinions of the Council action and who did not disperse until after midnight. After the dismissal of Officer Barry, a movement was started to recall Mayor Maxfield. It is prophesied that this action will lead to a heated election in April when two Councilmen are to be elected.

TWO NAMED TOMUNICIPAL COURT JOBS

Governor Picks Stafford and MacCoy to Succeed Marchetti and Sheldon

Dailey S. Stafford and Charles B. MacCoy yesterday were appointed Municipal Court judges here by Gov. Richardson. Stafford succeeds Justice of the Peace Marchetti, and MacCoy, Police Judge Sheldon. Both Marchetti and Sheldon were disqualified for the Municipal Court bench because of the length of practice requirements. These appointments complete the personnel of the new Municipal Court here, eight appointments having been made by the Governor several days ago. Two appointments to the Long Beach court are still to be made.

In making the two appointments yesterday, Gov. Richardson said:

"I have decided to appoint Dailes S. Section of the Mandon S. MacCoulon S

THIRD TIME CHARM, VIEW OF DIVORCE

Wife Says She Positively Will Not Let Hubby Talk Her Out of Decree Again

DEFENDENT **DENIES LOVE** TROTH LAPSE

Answer Filed to \$10,000 Breach-of-Promise Suit **Ending 25-Year Romance**

weading had been portponed on account of his health, and that in the meantime Mrs. Sudduth began keeping company with another man. When he protested, the answer continued, she informed him she preferred the other man. Gray said he knew nothing of the engagement being broken until he was approached by Mrs. Sudduth's attorney with a proposition for a settlement.

The case has been assigned for trial before Judge Hardy next June.

Where "45 Minutes from Broadway" is an Asset

Metropolitan Los Angeles is rapidly moving toward the ocean. Palos Verdes is directly in its pathway.....

O LIVE in Palos Verdes -"45 Minutes from Broadway," oceanwards, is to live where land values are rising rapidly. The greatest directional expansion of the city is south and west -ten year statistics pertaining to Los Angeles city growth show over 1100% increase in expansion in that territory lying between downtown Los Angeles and the ocean front.

A recent Chamber of Commerce check of the daily influx of the business population-by interurban, surface cars, bus lines, and by private automobiles-reveals figures on which estimates have been based showing that there are not less than half a million salary and wage earners who live 12 miles or more from city congestion. This ever-increasing volume of suburban residents is producing a steady rise in the market value of all ocean-view properties—of which Palos Verdes is a striking example. Unusually fortunate in location, in climate, and in accessibility to the metropolitan area which it serves, Palos Verdes is the one outstanding triumph of suburban development in California

Here is the ideal seaside residential community -protected for all time against business encroachment—a seashore permanently reserved for public enjoyment-a magnificent Golf Club, business plazas, hotel, school, etc.-a fourth of the entire acreage dedicated for parks, playgrounds, etc.

PALOS VERDES ESTATES 363 Lane Morgage Bidg., Los Angeles.

A homesite in Palos Verdes is an asset of the highest value for it guarantees health and happiness as well as a very lucrative investment.

To Fight Divorce Case With Maintenance Action

Declares Auto Contrivance

Made Husband Rich States Aid in Lean Years Has Been Unrewarded

After eight years of married life, the majority of which she says were spent in sharing the struggles of her husband during the lean years that preceded a present prosperity that is estimated at nearly \$1,000,000 as a result of his widely adopted invention of

Mrs. Eunice W. Loughead

four-wheel hydraulic brakes for automobiles. Mrs. Eunice W. Loughesd today is preparing to fight, not for the husband she asserts she still loves, but for a share of the husband's wealth.

Mrs. Loughead, a pretty California girl now residing with a married sister at 572 South Wilten Place, is the wife of Malcolm Loughead, chief engineer of the Hydraulic Brake Company of Detroit and inventor of the four-wheel hydraulic brake bearing the tradename of Lockheed.

WITHOUT FUNDS

Without Funds

Testerdoy morning Mrs. Loughead received notice of publication of divorce proceedings instituted by the husband in the Wayne county Court of Chancery in Michigan. Copy of the complaint was not included nor was there any hint of charges upon which the husband's action is based.

Mrs. Loughead asserts she is absolutely without funds, living only as the guest of her brother-in-law and that she has received no money from the husband since October 22, 1925, when she received \$15 by wire and a telegram telling her not to return home at that time. Through her attorney, William Durham, the wife declared yesterday that she will make every effort to obtain maintenance from the husband. Durham declared the action will be made by answering the Michigan suit.

Mrs. Loughead came to California last July to aid her mother, Mrs. Elizabeth M. Watts, who had been a victim of the Santa Barbars earthquake. The trip was made, ehe asserts, with the approval of

been a victim of the Santa Barbara, earthquake. The trip was made, she assarta, with the approval of the husband who provided a rounditip ticket from Detroit and sent her money for her support until last October.

"During the earlier months of my stay." Mrs. Loughead said yesterday, "my husband wrote two or three times a week."

terday, "my husband wrote two or three times a week."

APPEAL IGNORED

Mrs. Loughead said that in every letter he told her that as soon as possible, he would arrange for a vacation and meet her in Los Angeles. Finally, she said, she wrota, telling him she wanted to go homa. On October 31, 1925, Mrs. Loughead says, her ticket expired, leaving her without means to return home. A week later she says the received a letter from her husband saying he intended to obtain a divorce. In response she asserts she wrote him several letters, all of which were ignored.

Attorney Durham was appealed to and he wrote Loughead and on the 18th inst. received a reply from Loughead's attorney stating that petition for divorce had been filed.

The Lougheads were married in Santa Barbara, the wife stated yesterday, and lived there for esveral years during which time the husband was in business in an airplane factory with his younger brother, Allen Loughead, now said to be in the real estate business in Hollywood. Later they moved to Detroit where he joined his present employers.

Detroit whe

LOCAL PROGRESSIVES NOMINATE CANDIDATES

fox are being raised on the islands where the salmon industry provides cheap food in summer. At the same time rabbits are killed by the thousands, the meat dried, pulverized and stored for future feeding.

Not Interested

The applicant for the situation as cook was insolvent-looking and untidy.

"Don't engage her," whispered Dunn to his wife, "iden't like the looks of her."

"But," remonstrated his wife, "iden't like the looks of her."

"But," remonstrated his wife, "if we were nominated by Will T. Gentz, a Hollywood publicity man, and the nominations were second by a term of the reputation for cooking she bears."

"That doesn't matter," said Dunn testily. "We don't want any she bears cooked. We don't like them."—[Exchange.]

ashires I-on-A-co

Oxygen the Life Giver

'DAY MORNING.

by Gaylord Wilshire

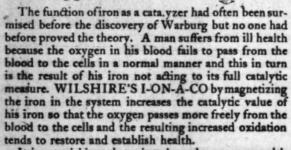

I-ON-A-CO

WE all realize that oxygen is necessary to life but how many of us fully realize that it is not enough to have access to oxygen but it is quite essential to be able to utilize the oxygen to which we have access? We know well enough that merely having the very best food spread before us is of no enefit unless we are in a osition to digest that food. It may be said that we must likewise be able to digest, as it were, the oxygen which we breathe into our lungs, before it

is possible to gain any benefit. A man may be breathing the purest air and yet be dying of some disease which afflicts him merely because he cannot properly

Otto Warburg, the great German biologist of Berlin, delivered his memorable lecture, upon the theory of the utilization of oxygen before the Rockefeller Institute, a year ago last November. For the first time he then proved conclusively that the ability of a man to use the oxygen he takes into his lungs depends upon the catalytic value of the iron in his system. Warburg proved that the function of the iron is to act as a catalyzer, a go between so to speak, between the oxygen in the blood and the tissue cells. He showed that if we had no iron in our system we could not oxidize these cells, that we would die.

Wilshire's I-ON-A-CO An electro-magnetic appliance

It is astonishing what miraculous changes occur with people using the Ionaco. The first effect occurs usually within a very few minutes after coming in contact with the machine and is seen in the heightened color of the cheeks and the brightening of the eyes. Very often neuritis of long standing is immediately relieved. Arthritis, a disease which baffles the physicians both as to its cause and its cure, has been deprived of its terrors, often in a few weeks. In diabetes the increase of oxidation is usually made apparent by the diminution of the elimination of sugar. Ionaco seems a rival to insulin. In can-cer, usually no matter what progress the dread disease has made, the pain disappeares, and where there has been odor, that too vanishes. A few minutes treatment with the Ionaco immediately relieves fatigue and a continued treatment of a few weeks seems to almost invariably restore gray hair to its natural color. In fact Ionaco is a rejuvenating treatment and without any of the dangers or the disappointments of a gland operation.

Ionaco is safe and it is permanent in its effects. Free demonstrating treatments are given at the office

I append letters from purchasers which are of interest.

I-ON-A-CO FOR ULCERATED STOMACH

1-ON-A-CO FOR ULCERATED STOMACH
1640 Shatto,
Los Angeles, Calif.

I was suffering, for seven years, for what doctors diagnosed and for what was supposed to be success of the stomach, during which time I was treated by a number of physicians, with, as I understand, the results of very little improvement.

I finally went to Mayo's Clinic and they advised an operation, saying that I could not expect to live for any length of time without it, as an X-ray showed "four deep-seated, bleeding ulcers." I did not take kindly to this so left apd, in about six weeks, the trouble became very acute. Evidently, there was a rupture of one of the ulcers, for I had considerable wemiting of blood. The usual remedies I had always taken before did but very little good then. Called a doctor and he sent me to a hospital and wanted to operate. I then went on a milk diet with very little improvement. I continued different treatments until about six weeks ago, when I was advised to use one of your belts.

Noticed considerable improvement within a few days and within three weeks was able to return to work. Now, six weeks after I began using it, I feel as if I were well. There is no soreness in my stomach and an eating good substantial meals without any distress—and feel, in general, as if I had been entirely cured of this old trouble.

Pontius Promises Further Fight on Union Station

Eight Years of Obstruction Predicted at City Club

Samuel Storrow Urges Plaza Site as Best Proposal

That the people of Los Angeles ay expect eight more years of pposition to a union passenger ernative plan of the carriers for ot accepted was the veiled threat of General Manager D. W. Pontius of the Pacific Electric made at the City Club-Municipal League railcoad terminal discussion last night

road terminal discussion last night at the City Club.

"We have had ten years' delay," said Mr. Pontius, "in this union depot matter, and we can expect eight years more if the union depot matter, and we can expect eight years more if the union depot insisted upon. The rail-roads are standing on their rights in resisting anythins that they consider a detriment to themselves and to the public.

"Now if we can get these franchises from the City Council to permit us to carry out our plans. I believe that the Railroad Commission and the Interstate Commerce Commission will give their approval. The carriers can build these structures and put their plan in operation in eighteen ments and do it with the railroads' own money without asking assistance from anyone. A union depot is not a necessity in Los Angeles."

ORDER CITED

money without asking assistance from anyone. A union depot is not a necessity in Los Angeles."

ORDER CITED

Samuel Storrow, consulting engineer who has been an appert in the battle for a union depot in Los Angeles for ten years, reminded the large crowd present that the Railroad Commission and the Interstate Commerce Commission had given long and unbiased study to the terminal problem in this city, had heard and investigated the carriers' and other alternative plans and rejected them all. He then cited the order of the Railroad Commission of 1921 directing the railroads to present plans for a union passenger depot in the Plaza area.

Mr. Storrow said that he was a matter of conjecture at the police and passed. Who will be selected was a matter of conjecture at the police of Alhambra will he maste ceremonies and John Sesser, promined the Alhambra will he maste ceremonies and John Sesser, promined the Alhambra will he maste ceremonies and John Sesser, promined the Alhambra will he maste ceremonies and John Sesser, promined the Alhambra will he maste ceremonies and John Sesser, promined the Alhambra will he maste ceremonies and John Sesser, promined the Alhambra will he maste ceremonies and of the exposition of the highest grade on any civil preside. the Railroad Commission of 1931 directing the railroads to present plans for a union passenger depot in the face of the long struck by the bravery of u speakers opposing a union passenger depot in the face of the long Railroad Commission and the interstate Commerce Commission. He said that the carriers' plan preposed not a union depot but a filt of the commerce Commission and the literatuse Commerce Commission. He said that the carriers' plan preposed not a union depot but a filt of the commerce Commission. He said that the carriers' plan preposed not a union depot but a filt of the commerce Commission. He said that the carriers' plan preposed not a union depot but a filt of the commerce Commission and the Bouthern Pacific own station on its present site of the commerce of the commission of the commerce of the commerce of the commission of the comm

etc., are one unit and cannot be separated.

"The Railroad Commission has always been and still is willing that almost anybody may present to them almost any information concerning a possible relief of any part of the great combined terminal problem stated above, irrespective of whether that particular proponent is familiar with all of any part of the problem, and such a presentation is then analyzed by the various experts of the commission.

DEPOT LEAST OF PROBLEM DEPOT LEAST OF PROBLEM

"The union terminal problem does not consist merely of building a union depot. That is the least part of the whoie problem, although it reckons large in the public eye. The operation of all railroads is extremely technical and the operation of union passenger terminals and grade crossing elimination has proven in many cities to be an extremely technical problem yery far beyond the training of any one group of technical men, no matter how experienced they may consider themselves. For that reason the whole problem has been carried from court to court

that reason the whole problem has been carried from court to court until, as I have said above, the answer comes back from the Interstate Commerce Commission indicating in general language that the general area selected by the State Raliroad Commission at the north end of the city is, of all the schemes heretofore presented, the best adapted to the solution of the above-stated problem as a whole and it is only the solution of the problem as a whole that is of interest to us."

W. H. Daum presented his plan for a union passenger depot on the

W. H. Daum presented his plan for a union passenger depot on the east bank of the Los Angeles River between Seventh and Ninth streets. George H. Duniop of the Municipal League strongly favored unification of rail and terminal facilities and recommended an East Side union depot between Sixth and Seventh streets.

Herbert J. Goudge said there was no necessity for a union depot and to have one with many trains, he said, would confuse passengers who came to the depot.

IN BOSTON KEEP GOING Persons who visit Boston are often perplexed by its maze of streets. A visitor was complaining to a resident that he was con-stantly getting lost. "Never mind," said the Bostonian, "just keep on going straight ahead and you will always come out where you went in."—[Capper's Weekly.

ral industry, floriculturists, railroad officials and others will be entertained prior to the opening of the exposition at a dinner given by the officials of the show at the Alhambra Athletic Club. Chris Campbell of Alhambra will he master of ceremonies and John Sesser, president of the Albambra Chamber of Commerce and of the exposition will preside.

The gates of the exposition will be opened pt \$ p.m., with the ceremonies beginning immediately. These will be conducted in the main fruit and flower pavilion. Addresses will be made by several prominent Californians. Following the ceremonies an entertainment program will be given from the stage.

Eighteenth street and Normandie avenue.

Miss Berenice Hagen of 414 Witmer street and Miss Myrtle Nielsen of 850 Bouth Dakota street were attacked by two men at Jefferson street and Halidale avenue. According to the report made by the young women, the men stopped an automobile at the intersection, jumped out and attempted to seize Miss Hagen's handbag. Miss Nielsen came to her friend's aid, and in the scuffle Miss Hagen was knocked down and badly bruised. The approach of another car frightened the two men away.

frightened the two men away.

AUTOIST HELD UP

The less of \$90 and a gold watch was reported by B. M. Schuman, 6119 Fountain avenue, who said he was held up by two armed men as he was seated in a car with Miss Sadie Marks in front of her home at \$0'\$ West Forty-first street. H. Zuckerman of 138 South Soto street, was attacked by two negroes at Twelfth and Stanford streets, beaten unconscious and robbed of \$18. His assailants apparently had an automobile parked near by, as Zuckerman said he regained consciousness in an alley near Eighteenth and Hooper streets.

Early yesterday morning a bandit in a touring car drove into a Shell Oil Company station at 1891 Venice Boulevard, held up the attendant, T. C. Chapman, and escaped with \$70.

Burglars during the night broke into the grocery store of A. Waldman at 2918 Glassell avenue, tore off the back door and used it as a skid to remove a large safe containing a small amount of money and a number of valuable papers. Although the rear of the property is a large dirt yard, detectives were unable to find thre marks of any car in which, the burglars might have taken the safe away.

Two more holdups were reported to police fast night. B. S. Newman, manager, and A. M. Hoffman, clerk, were held up in the Newman Pharmacy, Ayonue 50 and Montervita Road, by a bandit whe took \$75. AUTOIST HELD UP

Montervita Road, of a beautier took \$75.

A bandit took \$15 in cash and the pay check of J. R. Lindsey, attendant at the Standard Oil station at Yale and College streets.
